# Own reflections on Equity in Global Collaborations

- **Trust and sharing** - the human factor in collaboratives
- **Scientific and organizational or/and coordination** - talking the framing, hosting, leadership and participation in Global collaborations
- Institutional brokerage mechanism for linking research to policy and action (example of the “The REACH Policy Initiative” under the East African Community)
- Re-examining the whole spectrum of the supply chain for envisioned Equity in Global Collaborations
  - ❑ Examining how networked are the individuals, organizations, resources, activities and technology involved in the creation and sale of ‘a product’ – in this case the research enterprise.
