

The Scientific Advisory Group on Emergencies (SAGE),  
established within the Academy of Science of South Africa (ASSAf),  
cordially invites you to the third webinar in the **Webinar Series**

## Why Environmental Management Must Become The New Normal

*The series aims to raise awareness on the importance of emergency risk mitigation in the context of environmental management.*

*How can we prevent future pandemics and human-driven environmental emergencies?*

*How should we manage the environment in a more proactive and integrated fashion?*

**Date:** 12 August 2021  
19 August 2021

**Time:** 11:00 – 12:30

**Venue:** Zoom (link to be provided upon registration)
